Walk Safely to School Day - Walking Bus!

On Friday the 23rd of May, MOPS will be celebrating Walk Safely to School Day. On this day, we encourage all students to walk either some or all of the way to school in order to promote pedestrian welfare, healthy lifestyles and environmental sustainability. As part of this event, MOPS will be having its first ever Walking Bus! This will involve students joining the human bus and walking to school as a group along the route identified in the map below. The “bus” will leave from the corner of Stone and Burling Street at 8:15am and we will hope to arrive at school by 8:45am. Students can join the “bus” at any point along the route - wherever is most convenient for them. Teachers will be present to lead and supervise the walk, but welcome any parents, family members or friends who would like to join! Upon arrival, students will receive a small healthy breakfast snack to celebrate their efforts. Come along and join the bus!
